

# Sepday

17-20 July, 2019

Gatherings/Information /Product-Display/Memorial

It is always something to look forward to since the turn of the summer and autumn: The Sepday! Over the years, the Confederation of Chinese Metalforming Industry has inadvertently arranged major activities in the forging, stamping and sheet metal industries to be held during this period. It has formed the bright characteristic of Industry Gathering and Most Influential Information Exchanges. To commemorate this significant industry phenomenon and keep organize industry activities, improve the cohesion of the industry, promote the continuous progress of the industry, the CCMI defines this phenomenon with commemorative and symbolic significance as "Sepday" of Chinese forging, stamping and sheet metal industry.

The significance of the establishment of Sepday is that we perpetuate a phenomenon, Make it a totem and flag in the industry. It's a celebration of an old but vibrant, hard but powerful industry, Great contribution to industrial development and social progress. To commemorate the efforts and contributions made by colleagues in the industry to "unite enterprises, develop industries and enhance industries"; To promote progress and development in an industry that has been marginalized by manufacturing; Make our dream come true!

The development of CCIM cannot be improved without Industry colleagues and friends who care about us. Construction and make use of :Sepday- the big gathering platform for industry exhibition, communication/exchange and learning; Enhance the industry's voice in international peers and the entire manufacturing industry, Promote the continuous progress of Chinese entire manufacturing industry to make greater contributions!

The 9 in the logo represents September (Harvest and Hopes), there half circle represent forming, stamping and sheet metal there industries. Logo plane, three-dimensional design, representing our industry is a creation and manufacturing industry.
